Rotherfield Primary School — Year 1 — Term 5

Goodall Class

Mrs Ahmed
Mrs Prince

Maths

After completing our learning about place value, the children will be introduced to basic multiplication and division. We will explore multiplication as 'groups of' or 'lots of' a quantity and look at division in terms of sharing into equal groups. We will then start to explore the concept of fractions.

PSHE

In PSHE we will be exploring how we build positive relationships with others using skills such as active listening.

English

Dear Greenpeace - Simon James

Children will learn about letter writing by reading and exploring the letters featured in Dear Greenpeace by Simon James. We will write our own letters, encouraging children at school to look after the local environment.

Music

In music we will finish our module on improvisation before moving on to composition.

RE—Who do Christians believe created the world?

Children will learn about the Christian belief that God created the universe and that the Earth and everything within it is equally important to God. We will learn about the commitment Christians make in looking after all of God's creations.

Geography — Our Village

Children will take part in some fieldwork around our village. We will create simple maps and plot routes depicting our walk. We will add symbols and a key to ensure that our maps hold meaning.

Computing - Coding

Children will be introduced to simple coding as setting instructions using Purple Mash. Children will create simple code blocks to make images move.

Science - Plants

Children will be learning about plants and discover the different parts and functions of plants and trees. We will explore how we can sort plants into groups, looking at different species of wildflowers, garden plants, deciduous and evergreen trees.

PE

Mrs Ahmed: Tennis

Mrs Modjesch: Athletics

Art — William Morris

We will be experimenting making different patterns and creating our own William Morris inspired print.
